Re: Status of ABHES' Recognition by the U.S. Secretary of Education

The National Committee on Institutional Quality and Integrity (NACIQI) advises the U.S. Secretary of Education (Secretary) on matters related to accreditation and to the eligibility and certification process for institutions of higher education. On June 8, 2011, NACIQI acted to recommend to the Secretary continued recognition of the Accrediting Bureau of Health Education Schools (ABHES) and approval of an expansion of scope to accredit at the baccalaureate degree level. The official letter from the Secretary, approving this recommendation, is expected within 90 days.

The ABHES Commission and staff are extremely pleased with this latest achievement and we look forward to receipt of the final decision from the Secretary.
